No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use **Dr. Pierce's Golden Medical Discovery**. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so **GIVES HEALTH AND STRENGTH TO THE WHOLE BODY**.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

NO RACE SUICIDE AMONG THE MINERS

OF WHICH COL. ROOSEVELT HAD PROOF.

His Trip of 150 Miles Through Many Hamlets.

Wilkesbarre, Pa., Aug. 3.—Theodore Roosevelt traveled 150 miles today among the mountain mining towns in the Wyoming valley. He mingled with people in all stations of life from the breaker boys who earn a few dollars a week to society women who are spending the summer at Glen Summit Springs. Late tonight he started back to Oyster Bay.

An incident typical of the day's happenings occurred at Wyoming, a mining hamlet. An old Irish woman stepped up to him, and thrusting out her hand exclaimed: "Hello, Teddy. You're looking fine."

The former president grinned with delight and said he was glad to see her. "You're looking fine, too," he said.

"Yes, indeed," said she. "I'm strong as you are, and you are a fine lump."

The colonel drove away still smiling. In all the colonel passed through fifteen towns today. John Mitchell, former president of the United Mine Workers, the Rev. Father J. J. Curran of Wilkesbarre, and the Rev. Father J. J. O'Donnell of Stowell, Pa., rode in the automobile with him. At Pittston, a town of 10,000, Mrs. Mary Logan, an elderly woman, pushed through the crowd until she managed to reach the colonel's side. "I'm the mother of five children," she said.

Belmont School (FOR BOYS)

Belmont, California Twenty-five miles So. of San Francisco

is trying to do for the moral, physical and intellectual welfare of its boys what every thoughtful parent must wish to have done. Its location beyond the diversions and temptations of town or city, the fineness of its climate, the beauty of its buildings and grounds, the range and attractiveness of the surrounding country are most helpful aids. Our new dormitory with cement plaster finish, Spanish tile roof, white tiled bath and shower rooms, steam heated and electric lighted, is unsurpassed for beauty, comfort and healthfulness. Ask our patrons, our graduates and our boys about us. We write you for specific information.

LIME LADEN VESSEL FIRED BY WATER

Fast on the Rocks Below the Golden Gate.

San Francisco, Aug. 3.—Lost in a dense fog and caught by the same treacherous currents which carried the big ship Dumbarton to her doom on the same rocks four years ago, the four-masted schooner James Rolfe is tonight hard and fast on the rocks off Point San Pedro, fourteen miles south of the Golden Gate. The crew is still on board and the White-law wrecking crew, has gone to the scene with the intention of trying to dynamite the rock on which the vessel is stranded, at daylight tomorrow.

The Golden Gate life saving crew is also standing by ready to take the crew off in case any emergency arises. The Rolfe with a crew of ten was bound from San Francisco to Hawaiian ports, laden with lime, when she struck at 10 p. m. Tuesday.

The schooner sprang a leak and the water coming in contact with the lime set the vessel on fire. The captain's wife was taken off by the tug Defiance, and brought to this city, but the captain and crew stayed by the ship. Reports brought by the Defiance are that the Rolfe is almost certain to prove a total loss.

The Rolfe is of 599 tons and was built in 1899 at Eureka. She is valued at \$20,000 and carried \$5000 insurance.

WORTH KNOWING.

Use simmering burner for soups, pot roasts, etc., boiling vegetables on top of the same vessel.

Cut sheets of tin foil and place under the flower vase doilies and you will have no trouble with any dampness affecting the best polished furniture.

Cook pot roast, soup and steaks on the ledge of the furnace. Start cereals and vegetables on the gas and finish in the hay box. Meats can also be cooked in this way, giving plenty of time and reheating during the process.

To save many steps in the kitchen have a small slice-covered shelf near the range, where hot food, when removed from the oven, may be placed. It also saves the table and you avoid the danger of being burnt while carrying it across a room.

As a great protection from moths, when putting winter clothing and blankets away one may procure dried wormwood from the drugist. Scatter it lavishly between the folds and wrap with article neatly in clean newspapers. Thus one avoids any trouble from these little pests.

hours. Strain, add sugar, stir until it is dissolved and let the liquid stand on ice for an hour. Serve in tall thin glasses with shaved ice and put two or three berries on the top. This cocktail may be served at the beginning of luncheon.

TONGUE TWISTER THIMPLIFIED.
"Some of these tongue twisters are really very hard to enunciate, for instance: 'The sea ceaseth, and it sufficeth us.'"

"That's catbilly thaid," blithly replied Mith Elhabeth. "You thimply thay it thet: 'The-thea theatheth, and it thuffitheth nth!'"—Life.

If your cooking utensils have a habit of burning or the victuals stick easily, try boiling a little vinegar in same. Acts like magic, especially with heavy skillets.

STRAWBERRY COCKTAIL.
One quart strawberries, juice of two lemons, one quart cold water, four cups sugar. Mash the berries, add water

and strain. Add sugar, stir until it is dissolved and let the liquid stand on ice for an hour. Serve in tall thin glasses with shaved ice and put two or three berries on the top. This cocktail may be served at the beginning of luncheon.
